TTT ICRA Course Held at PNCI

PNCI held its first ever Train-the-Trainer Infection Control Risk Assessment (ICRA) class on December 18, 2020, under the instruction and supervision of Rudy Kaplan, Instructor, and Continuing-Education Coordinator for PNCI. "The importance of being able to continue the TTT classes outside of the ITC, is in fact, because of the shutdown due to Covid-19. The need for training trainers has not slowed down, and when the ITC opens up for regular training, the rush of instructors will have been muted somewhat by allowing during the shutdown," said Kaplan, who also teaches ICRA at the international training center.

PNCI's 2019-2020 Industry Outreach Event

PNCI's Industry Outreach Event was held virtually on Nov. 14th. The event offered an opportunity to celebrate all the new journey-level carpenters for the 2019-2020 apprenticeship year. Fifty-one new journey-level carpenters were in attendance. Lisa Ransom, Director of the Apprenticeship and Training Division at the Bu-

reau of Labor and Industries was the guest speaker. Raffles prizes were given away at the end. We have recognized all the new graduates in the follow pages of this newsletter and on the Dec 2020 video update on PNCI's website. The ceremony for 2020-2021 new journey-level carpenters will also be virtual.
